DATA SHEETS AVAILABLE ON REQUEST

NIOSH Approved: N95
Cleared for use as surgical mask
Helps protect against certain airborne biological particles
Fluid resistant and disposable
SKU: 70070612364 UPC: 50707387419429
This health care particulate respirator and surgical mask helps provide respiratory protection against certain airborne biological particles. It is disposable and fluid resistant to splash and spatter of blood and other infectious material. This healthcare respirator is designed to help provide respiratory protection for the wearer. It meets CDC guidelines for Mycobacterium tuberculosis exposure control. As a disposable particulate respirator, it is intended to help reduce wearer exposure to certain airborne particles including those generated by electrocautery, laser surgery, and other powered medical instruments. As a surgical mask, it is designed to be fluid resistant to splash and spatter of blood and other infectious materials.

NIOSH approved N95
Meets CDC guidelines for Mycobacterium tuberculosis exposure control
FDA cleared for use as a surgical mask
99% BFE (Bacterial Filtration Efficiency) according to ASTM F2101
Fluid resistant according to ASTM F1862
Respirator contains no components made from natural rubber latex
Collapse resistant cup shape design
Braided headbands, cushioning nose foam, and light weight construction for comfortable wear
Suggested settings and applications: Operating Rooms, Clinics, TB Wards, Patient Care, Labor and Delivery, Infection Control Practices, Laboratory, emergency or pandemic preparedness planning, stockpiling, etc.

Healthcare Grade Nitrile Gloves

280k boxes available
50 or 100 units per box
Clear/Blue/Aqua

**Available immediately
in our UK Warehouse**

In times where exceptional hygiene is required (such as during outbreaks of SARS, Avian flu and Coronavirus), gloves can help the wearer to protect their hands from carrying germs.

Latex-free, these gloves are suitable for most people and available in a range of sizes.

These disposable gloves are **NITRILE LATEX FREE** and include long-lasting strength and durability with excellent dexterity for multiple use applications. These are powder free industrial gloves. These gloves can be worn in many different settings and offer similar protection to heavier duty gloves while offering great comfort and sensitivity. These disposable gloves are exceptionally useful for when frequent glove changing is required, especially for serving food and other sanitation applications. Gloves will keep hands protected and fight against spread of germs, diseases, and viruses including COVID-19. Grip remains in wet and dry settings. Will keep protected in different workplace and home settings. These gloves are preferred by all different type of customers for many use cases.
