

Hello, I'm Buggy MaGNOME!

Thank you for allowing me to join you in your activities or events over the next few days!

There is so much I would love to get involved in to show the public what it is like behind the doors in care settings across Hertfordshire. I have shared some ideas to get you started overleaf...

#GoodCare
#GoodCareMonth

- Take me with you to visit a client in their own home. Perhaps I can help your client make a cup of tea, do some gardening, or sit and have a chat with you both.
- Let me join in when there is a family or friend visiting a resident. Whether they are having a chat, playing a game, or completing an activity together, I would like to find out more about what Good Care means to both the resident and their family member.
- Can I join your ancillary staff? Why don't we show people that there is more that goes on behind the scenes in care settings that plays a huge part in the smooth running of your facility. Perhaps one of your housekeeping staff needs some help making the beds or your chef might need some help making a residents birthday cake?
- I love to be outdoors. If you are doing any activities outside, take me outdoors to join in the fun! Perhaps this involves, sports, gardening, or even a barbecue? I'm in!
- Exercise session? Count me in! Chair based, standing or anything in between, it's great to show how important staying active is to improve mobility and reduce the risk of falls.
- Are you going on an outing? Please take me along with you. I would love to show the public the variety of activities that happen within Adult Social care settings.

Don't forget to include clients and staff in the photos and videos!

In between activities, please sanitise me. I have arrived with some antibacterial spray.

Whatever you are doing, do not forget to take photos, video and send them to HCPA alongside an explanation of what was going on! Visit www.hertsgoodcare.com/campaign to submit your photos, videos and stories. You will also need to provide consent for us to use your photos and videos.

Please note this is just a guide, we would love to see what ideas you come up with too!
