

Hand hygiene Audit Tool for Care Homes

Action

- This audit tool can be used as a rolling programme of audit of compliance with your Hand hygiene Policy. Please ensure that all staff should be assessed for hand hygiene technique on at least an annual basis.
- Please use additional copies of this form as necessary.
- All columns should be completed.
- During clinical situations, where possible, staff should be observed undertaking 'Key Moments' – see overleaf.
- During non-clinical situations, e.g. assessing hand hygiene technique after a team meeting, tick N/A in the 'Key Moment' column.
- In the event of non-compliance, action plans should be produced and reviewed regularly.
- Completed audit tools should be kept locally for good practice assurance and as evidence for CQC inspections.

NOTES:

* Staff should be 'Bare Below the Elbows' (BBE) when delivering direct care to residents. BBE is being free from long-sleeved clothing, wrist and hand jewellery (other than one plain band ring). Long sleeves, if worn, should be rolled or pushed up to the elbows. Finger nails should be short and clean, no nail varnish, false or acrylic nails, nail extensions or nail jewellery.
