

# Co-production in Hertfordshire

## Do you have experience of Adult Care Services? Could you help us improve what we do?

We are looking for people who have received adult care services, or their carers/family members, to help us shape how you contact social care in the future.

This is about you being involved every step of the way, planning things together as equal partners to shape how you receive:

- information
- support
- advice

We are passionate about working with people who use our services, their carers and the organisations who represent them.

**For more information and to register your interest please email [caroline.hedley@hertfordshire.gov.uk](mailto:caroline.hedley@hertfordshire.gov.uk) or call 01438 843513 before 31<sup>st</sup> August 2019**

**Adult Care Services  
Hertfordshire County Council**
