

Calling all Care Homes, Domiciliary Providers and Hospices

- Did you know your company could receive a **Platinum**, **Gold**, **Silver** or **Bronze** Certificate dependent on how many of your staff have had their flu vaccination?
- All that we require is the percentage of frontline staff you employ that have had the flu vaccination this season.
- We can acknowledge your success on our social media platforms and may even come along to present your certificate in person.
- All frontline carers should have and are encouraged to have the flu vaccine to protect the people they care for as well as their own health.

Applications must be submitted via email by
31st January 2020 to:
england.easttransformation@nhs.net

ARE YOU A FRONTLINE CARER?

- Did you know you are entitled to a Free Flu Vaccination?
- 8,000 people die from flu every year
- To retain protection you need to be vaccinated every year
- You can get your free flu jab from your own GP or any pharmacy offering the NHS Flu Vaccination Service, just take along your work ID or a payslip. Check with your GP Practice/Pharmacy to see if you need an appointment.

The flu vaccination
will not give you flu,
but it helps stop you
getting it

Protect yourself
and others
